Subject: Re: Steinway Piano

Dear Richard,
Maximum size, in fact optimal size for me is the "L" type, preferably Hamburg. But the price looks a bit too high. However, let me know.

Best

Dear Ehud,
The piano that I mentioned has now been sold. It went for just under £27k.
It was a stunning piano that had been fully restored.
I may also have a later model M coming in before Christmas, it is from the early 1980's and is high gloss black.
Might that work for you?
What is the maximum size that would be possible?
Best regards.
Richard

Dear Richard
The mahogany are usually more expensive.
What is the price range?

Dear Ehud,
I hope that you are well.
We spoke a while ago regarding the upright silent piano that we were sadly not able to ship to you in New York.
You mentioned that you may be interested in a Steinway model M.
Is this still the case?
I may have one arriving in the next few weeks, it is from the 1930's and finished in mahogany.
Might that be of interest to you?
